About Company

Orvi Design Studio specializes in innovative surface products and interior design solutions. We focus on delivering creative, high-quality designs while keeping global trends and client requirements at the forefront.

Role Overview

We are seeking a talented Product Designer to develop concepts, create innovative surface product designs, and contribute to the product development process. The candidate should have strong design sensibilities and technical proficiency in design software.

Key Responsibilities

- Develop creative surface product concepts and design solutions
- Collaborate with the product development team to ensure design feasibility
- Prepare detailed drawings, layouts, and 3D models using CAD and 3D software
- Stay updated with global design trends and integrate them into products
- Support the team in prototyping and design testing

Requirements

- 3–5 years of experience in product or interior design
- Degree/diploma in Architecture / Interior Designing (preferred)
- Strong design sense with attention to detail
- Proficiency in AutoCAD and 3D design software (SketchUp, Rhino, 3ds Max, etc.)
