# AI CREATIVE OPERATIONS EXECUTIVE

## BASE SALARY

INR 10000 - INR 15000

## DESCRIPTION

### AI Creative Operations Executive

Robinbosky

Location: Tirupur North, Tamil Nadu

Work Mode: In person. Remote candidates can also apply if they are strong and can work with daily accountability.

Salary: ?10,000 to ?15,000 per month

Job Type: Full-time

This is a generalist opening for a fast learner. The work is for someone who can use AI tools well. The person should also organize work properly and convert instructions into finished output.

You can apply through WhatsApp: **+91 9003308872**

You can also email: **connect@robinbosky.com**

### About The Work

Robinbosky is an apparel and e-commerce brand. The company wants one sharp person who can support creative work and workflow tasks. This is not a pure design job. This is not a pure coding job.

The selected person should learn fast. The person should follow instructions carefully.

Good file handling and clear communication are very important.

### Responsibilities

- Use Claude, Codex, and other AI tools
- Create product image workflows
- Write product copy and hooks

- Create prompts and content ideas
- Support product image improvement
- Help with creative direction for apparel products
- Support marketplace listing work
- Support Shopify and D2C page content
- Support reels and video work
- Create simple Canva layouts
- Organize files, images, prompts, and outputs
- Convert repeated work into SOPs and checklists
- Research competitor pages and content
- Send daily updates with progress and blockers

### **Required Skills**

- Comfortable with ChatGPT or similar AI tools
- Willing to learn Claude and Codex
- Basic Canva skills
- Basic Excel or Google Sheets knowledge
- Good communication
- Good prompting ability
- Good file organization
- Basic e-commerce knowledge
- Fast learning ability
- Clear thinking
- Ability to follow instructions
- Ability to improve with feedback

### **Good To Have**

- E-commerce experience
- Apparel experience
- Product image or content experience
- Shopify exposure
- Amazon exposure
- Myntra exposure
- Meesho exposure
- Flipkart exposure
- Basic video editing knowledge
- AI image generation experience

### **Who Should Not Apply**

- People who need constant supervision
- People who cannot show usable output
- People who do not organize files well
- People who copy AI output without checking
- People who only want routine data entry work

### **Salary And Growth**

Starting salary is Rs. 15,000 per month.

A paid trial period of 7 to 14 days is included.

Growth is possible when output quality and ownership are strong.

## Selection Process

- Short screening
- Practical task
- Interview
- Paid trial

## How To Apply

Send these details:

- Resume or short work profile
- 2 examples of your creative or AI work
- Tools you know
