Tutorrays is hiring AI Tutors for online teaching work. This opening is suitable for teachers tutors and subject experts who understand AI tools. Candidates should be comfortable teaching students online. Freshers with strong AI tool knowledge can also apply. This work is fully remote and flexible.

The company is looking for candidates who can create engaging online learning sessions. You should know how to use AI tools for presentations quizzes and study material. Good communication and teaching skills are important for this work. Candidates who enjoy technology based teaching will fit well in this position.

### Main Responsibilities

- Conduct live online classes for students
- Create presentations and assignments using AI tools
- Prepare quizzes worksheets and study material
- Help students with doubts and concept clarity
- Create educational videos and digital content
- Monitor student progress and provide feedback

- Use Zoom or Google Meet for classes
- Stay updated with new AI teaching tools

### **AI Tools Knowledge**

Candidates should know some of these tools:

- ChatGPT
- Google Gemini
- Canva AI
- Microsoft Copilot
- Notion AI
- Quizizz AI
- Kahoot AI
- CapCut AI
- InVideo AI
- Adobe Firefly

### **Skills Required**

Candidates should have good communication and subject knowledge. Basic content creation skills are also important. You should be comfortable with online classes and digital teaching methods. Quick learning ability for new AI tools will be helpful.

### **Who Can Apply**

Graduates postgraduates and subject experts can apply. Freshers with AI tool knowledge are also welcome. Online teaching experience will be an added advantage. Content creators and AI based educators can also apply.

### **Benefits**

- Remote work flexibility
- Freelance and part-time opportunity
- AI based modern teaching environment
- Learning and growth opportunities
- Flexible online teaching work
