### BASE SALARY

INR 6000 - INR 15000

### DESCRIPTION

Remote | Work From Home | Full-Time

WhatsApp/Call: +91 9285108057, +91 8527537384

Email: [rohitbansal99771@gmail.com](mailto:rohitbansal99771@gmail.com)

### Job Overview

This role is about making videos using AI tools. Work is simple but needs creative thinking. Topics can be educational, historical, religious, motivational and entertaining. Videos should look good and interesting so people like to watch.

### Salary Details

Salary will be between **₹6,000 to ₹15,000 per month**. Extra incentives can be given based on performance and good quality work.

### Main Work Responsibilities

- Create videos using AI tools like text-to-video and voice tools
- Think and research new content ideas
- Make videos engaging and easy to understand
- Maintain good quality in every video
- Follow latest trends in video and AI tools

### Skills Required

Basic knowledge or interest is enough.

- Basic video editing understanding
- Creative thinking and storytelling
- Interest in AI tools
- Basic idea of social media platforms
- Ability to complete work on time

## Qualification

No high qualification required. Freshers can also apply.

## Work Type

This is **full-time only** role. Freelance option is not allowed.

## Selection Process

Simple and quick process.

- Resume checking
- Basic discussion on call or WhatsApp
- Final selection

## How to Apply

Send resume directly on WhatsApp or email for fast response.
