VP Nexues Private Limited is hiring **Android Developer Interns** for practical mobile app development projects. Candidates from Salem and Tirupattur may need to visit the office; eligible candidates from other Tamil Nadu districts can work remotely.

Key Responsibilities

- Develop, test and maintain Android applications.
- Work with Flutter, Dart, Kotlin and/or Java.
- Integrate REST APIs, JSON and Firebase.
- Debug apps and improve performance.
- Use Git and collaborate with developers.
- Complete assigned tasks and project reviews.

Requirements

- Knowledge of Flutter and Dart.
- Basic understanding of Kotlin and/or Java.
- Familiarity with Android Studio and Android SDK.
- Knowledge of APIs, JSON, Firebase and Git.

- Understanding of Android UI and app lifecycle.
- Problem-solving skills and willingness to learn.
- Computer and reliable internet for remote work.
- Relevant Computer Science, IT or related studies preferred.

Internship Benefits

- Hands-on development projects.
- Mobile app development experience.
- Collaborative learning and professional growth.
- Remote work for eligible candidates.
- Performance-based growth opportunities.

How to Apply

Send your resume and, if available, your GitHub profile or project portfolio to **vpnexueshr@gmail.com**.
