Email Subject: Application for AutoCAD Designer & 3D Visualizer – Work From Home

Zodiac Tech is hiring an **AutoCAD Designer & 3D Visualizer** to convert architectural drawings into detailed 3D models. Freshers with basic design knowledge and a willingness to learn are welcome.

Key Responsibilities

- Create and edit 2D architectural drawings.
- Convert floor plans and layouts into 3D models.
- Add materials, textures, lighting and furniture.
- Develop interactive 3D property views for websites.
- Explore AI tools for design and visualization.
- Coordinate with the team and meet project deadlines.

Requirements

- Knowledge of AutoCAD or similar CAD software.
- Understanding of floor plans and architectural layouts.
- Familiarity with Blender, SketchUp, Revit or 3ds Max is preferred.
- Basic knowledge of AI tools such as ChatGPT, Claude or Gemini.
- Knowledge of Three.js, WebGL or JavaScript is an advantage.
- Own computer and stable internet connection required.
- Good problem-solving skills and attention to detail.

Preferred Skills

- 3D modeling and architectural rendering.
- Interactive 3D walkthroughs.
- Basic HTML, CSS or JavaScript.
- AI-assisted design and 3D asset creation.

Benefits

- Work from home.
- Internet reimbursement.
- Practical experience with 3D visualization and AI tools.
- Opportunity to develop technical design skills.

How to Apply

Send your **resume and portfolio**, if available, to hr@zodiactechsoft.in.

Include your qualifications, AutoCAD experience, 3D software knowledge and familiarity with AI tools. Freshers can share academic projects or sample designs.
