AUTOMATION TOOLS EXPERT, WORKFLOW AUTOMATION SPECIALIST, COMPETITIVE SALARY

DESCRIPTION

Company: TheWebHub

Position: Automation Tools Expert

Industry: IT / Digital Solutions

Location: Surat, Gujarat (Hybrid – Work From Home + On-site at Surat Office)

Employment Type: Full Time

HR Contact: +91 8320672006

Email: jobs@thewebhubinfo.com

Job Overview:

- Work on automation solutions for digital platforms and jewelry industry tools
- Build efficient workflows to reduce manual tasks and improve productivity
- Integrate different systems like CRM, ERP, e-commerce platforms, and SaaS tools

Key Responsibilities:

- Build and maintain workflows using Zapier, Make (Integromat), n8n, and APIs
- Integrate multiple platforms including CRM, ERP, e-commerce, SaaS tools, and social media
- Identify tasks that can be automated to improve workflow efficiency
- Work closely with developers, designers, and business teams
- Stay updated with the latest automation technologies and tools

Required Skills:

- 1–4 years experience with automation tools like Zapier, Make, n8n or similar platforms
- Strong knowledge of APIs, webhooks, and SaaS integrations
- Analytical thinking and problem-solving ability
- Good collaboration and communication skills

Eligibility:

- Degree in Computer Science, IT, or related field preferred
- Skilled candidates without a degree may also apply

Benefits Offered:

- Work on global projects in jewelry and technology industry
- Opportunity to learn advanced automation tools
- Performance-based incentives and career growth
- Collaborative and growth-focused work culture
- Health insurance benefits
