About the Company:

AWAFI MILL is expanding its ecommerce operations and looking for a creative designer who understands branding, marketplace standards, and conversion-focused visuals. The role focuses on building strong product presence across Amazon, websites, and social platforms to drive engagement and sales.

Key Responsibilities:

- Create branded product designs for ecommerce marketplaces (especially Amazon)
- Design Amazon product images, A+ content, and brand store assets
- Create social media creatives, ad graphics, and promotional visuals

- Design website banners, landing pages, and ecommerce graphics
- Maintain consistent branding across products and platforms

Skills & Requirements:

- Minimum 2 years experience in ecommerce/product design
- Strong knowledge of Amazon image standards and ecommerce best practices
- Proficiency in Adobe Photoshop, Illustrator, Canva
- AI tools knowledge (Midjourney/Firefly/ChatGPT or similar) preferred
- Strong understanding of branding, typography, layout, and visual hierarchy
- Creative mindset with brand-building approach (not just photo editing)
- Portfolio required (Amazon/ecommerce work preferred)

Preferred / Bonus Skills:

- Shopify website design experience
- Social media ad creatives (Meta / Google / TikTok)
- Packaging and label design
- Experience handling multiple SKUs and product categories

How to Apply

? WhatsApp only – No calls

Send your portfolio + a 2-minute voice note explaining:

- Your ecommerce/Amazon design experience
- What you can bring to the brand (quality, speed, creativity, AI workflow, etc.)
