You will handle end-to-end recruitment for IT positions. You will work with clients and candidates throughout the hiring process. Good communication and sourcing skills are important.

Responsibilities

- Handle end-to-end IT recruitment.
- Source candidates through job portals.
- Screen candidate profiles.
- Conduct HR screening.
- Schedule interviews.
- Coordinate with clients and candidates.
- Negotiate salary offers.
- Maintain recruitment reports.
- Achieve hiring targets.
- Build strong client relationships.

Eligibility

- Any graduate can apply.
- 1 to 4 years of IT recruitment experience.

- Experience in IT staffing.
- Good understanding of IT technologies.
- Strong sourcing skills.
- Good communication skills.
- Good negotiation skills.
- Experience with LinkedIn Naukri or similar job portals.
- Immediate joiners preferred.

Preferred Skills

- Experience with direct clients.
- Experience with implementation partners.
- Bulk hiring experience.
- ATS and recruitment tools knowledge.

Salary & Benefits

- Salary as per company standards.
- Hybrid work model.
- Full-time permanent role.
- Opportunity to work with IT staffing projects.
- Career growth opportunities.

Interested candidates can send their resume through email or contact the recruiter by phone.
