This is a simple freelance work for people who like reporting and talking to people. Work is about going outside, talking to normal public, and recording their views. Person should be confident to speak and capture real stories from streets.

### Job Description

Work is about ground level reporting. Topics include public problems, local issues, and daily life challenges. Person has to record videos and show real voice of people in simple way.

### Key Responsibilities

- Find local problems and cover them
- Talk to people in public places
- Record interviews and real opinions
- Make video report of 8 to 10 minutes
- Keep audio and video clear and balanced

### Eligibility

Candidate should have graduation in Mass Communication. A good smartphone or basic camera is needed for recording. Communication should be good to talk with strangers. Passion for real and honest storytelling is important. No prior experience is also fine.

## Payment Details

Payment is given per approved video. It can be ₹300 to ₹1,000 based on quality and content. Payment is done on 7th of every month for approved work only.

## Work Details

Work is fully flexible. Person can choose time and number of videos. All cost like travel and equipment is included in payment.

## How To Apply

Interested candidates can send details on WhatsApp or email.

Send your name, city, reason for interest, and sample video if available.
