About the Job

Eloma Group is looking for a creative AI Video Creator. The role involves making promotional and marketing videos using AI tools. Graphic design skills are an added advantage.

Key Responsibilities

- Create AI-generated promotional videos.
- Edit videos and improve their quality.

- Add text, graphics, transitions, and branding.
- Develop creative video ideas for campaigns.
- Prepare content for social media and websites.
- Support graphic design tasks when required.
- Coordinate with the marketing team.
- Meet project deadlines.

Requirements

- Experience with AI video creation tools.
- Knowledge of video editing software.
- Good visual storytelling and creative skills.
- Basic graphic design skills are an advantage.
- Understanding of branding and social media trends.
- Attention to detail and good communication skills.
- Ability to manage multiple projects.

Salary & Benefits

- Monthly salary of ₹8,000–₹15,000.
- Full-time remote work.
- Flexible schedule.
- Paid sick time and paid time off.
- Opportunity to work on creative digital projects.
- Career development opportunities.
