Maker's Loft Design Studio is looking for creative and enthusiastic candidates. You will work with experienced designers and gain practical experience. You will be involved in design development client coordination and project execution.

This role is ideal for candidates who enjoy design and field work. You will visit project sites and attend meetings. You will also help prepare drawings presentations and design concepts.

### **Key Responsibilities**

- Assist in design development
- Support client coordination
- Prepare drawings and layouts
- Create presentations
- Prepare design renders
- Conduct site visits
- Attend client meetings
- Work with senior designers
- Support project execution
- Maintain project documents
- Use Microsoft Office for reports and presentations

You will work closely with the design team. You will help turn ideas into practical designs. Attention to detail and a creative mindset will help you succeed in this role.

### **Required Skills**

- Knowledge of AutoCAD
- Knowledge of SketchUp
- Knowledge of Adobe Photoshop
- Knowledge of Microsoft Office
- Good communication skills
- Good presentation skills
- Strong attention to detail
- Creative thinking ability
- Teamwork skills
- Ability to work independently
- Willingness to do field work

Candidates should have an interest in interior design and space planning. A good understanding of design aesthetics will be helpful. A positive attitude and willingness to learn are important.

### **Benefits**

- Hands-on project experience
- Learning and growth opportunities
- Exposure to real client projects
- Supportive work environment
- Opportunity to work with experienced designers

This position offers practical industry exposure. You will learn from experienced professionals and build valuable design skills. It is a good opportunity to start and grow your career in interior design.

### **How To Apply**
