Teach students from home through live online classes. Sessions are conducted on Google Meet. You will teach students from different countries based on your subject expertise.

Company: Takyon System Solutions Pvt. Ltd.

Position: Online Tutor

You may teach one or more of these subjects.

- Mathematics
- Physics
- Chemistry
- Sanskrit
- AI Coding and Robotics

Students can be from KG to Degree level. Subject allocation depends on your qualifications and experience.

Eligibility:

- Bachelor's degree in a relevant field.
- MCA or B.Tech is preferred for AI Coding and Robotics.
- Minimum 2 years of teaching or subject experience.
- Good communication and presentation skills.

Technical Requirements:

- Desktop or laptop with YouCam installed.
- Stable Wi-Fi connection.
- Mobile devices are not supported.

Working Schedule:

Monday to Saturday is the working week. Sunday is a holiday. Classes run from 4:00 PM to 10:00 PM. You need to work at least 4 hours per day and be available for at least 5 days a week.

Benefits:

- Work from home.
- Flexible work schedule.
- Teaching materials provided.
- Training before joining.
- Performance-based payment.
- Appraisal after 15 months.
- Students assigned for the full academic year after successful demo classes.

Interview Process:

The interview will be held on Google Meet. You must give a 7 to 10-minute PowerPoint demo class on a topic of your choice.

How to Apply:

Send your updated resume to the email below. You can also call the HR team for more details.
