PROJECT ENGINEER ACTALENT

HIRING ORGANIZATION

Actalent

EMPLOYMENT TYPE

Full-time

JOB LOCATION

Omaha, NA, NE, NE, United States

BASE SALARY

INR 14,000 - INR 20,000

DESCRIPTION

Job Title: Project Engineer (Environmental Sustainability)

Job Overview

We are seeking a skilled **Project Engineer** specializing in **solid waste management**. This role involves client interactions, problem-solving, and overseeing projects that focus primarily on landfill and landfill gas systems. The Project Engineer will handle design and permitting for solid waste facilities, oversee construction operations, and conduct air quality permitting.

Key Responsibilities

- **Project Oversight**: Lead projects with a team, focusing on landfill and landfill gas systems.
- **Permitting & Design**: Manage the permitting and design processes for solid waste facilities.
- **Construction Supervision**: Oversee and monitor construction operations to ensure timely completion.
- **Air Quality Permitting**: Conduct and manage air quality permits related to projects.

Essential Skills and Qualifications

- **Technical Proficiency**: Proficient in **AutoCAD Civil 3D**.
- **Education**: Bachelor's degree in **Environmental, Civil, Construction,** or a related engineering field.
- **Experience**: Minimum of **3+ years** in a related engineering role.

- **Certification**: **E.I.T.** certification required.
- **License**: Valid **driver's license**.

Additional Skills

- **Permitting Knowledge**: Familiarity with solid waste facility permits is preferred.
- **Communication & Teamwork**: Ability to work closely with clients, construction teams, and office design teams.

Work Environment

- **Field and Office Work**: This role requires both on-site meetings with construction teams and collaboration in an office setting with design teams and project managers.
- **Collaborative Culture**: A supportive work environment with team-building activities, fostering collaboration between leadership and entry-level engineers.

Company Overview – Actalent

Actalent is a global leader in engineering and sciences services, connecting companies with specialized experts to drive innovation. With over **30,000 consultants** and **4,500 clients** globally, Actalent supports major Fortune 500 companies in achieving their engineering and science goals.

Diversity, Equity & Inclusion (DE&I)

Actalent is committed to a culture of diversity and inclusion. Through hiring diverse talent, fostering an inclusive environment, and promoting growth opportunities, we strive to create an equitable workplace.

Equal Opportunity Employer: Actalent considers all applications without regard to race, sex, age, color, religion, national origin, veteran status, disability, sexual orientation, gender identity, or genetic information.

To request accommodations during the application or interview process due to a disability, please email **actalentaccommodation@actalentservices.com**.
