## Job Overview

This role is for **MRI Accountant**. Work is from home. You will handle real estate accounting work for global clients. Work is a bit advanced. Only experienced candidates should apply.

## Key Responsibilities

- Handle full accounting for property portfolio
- Prepare monthly, quarterly and yearly reports
- Work on GL entries and reconciliations
- Manage accruals and financial statements
- Support in budgeting, forecasting and audits
- Coordinate with property and asset managers

## Required Skills

- Strong experience in **MRI Software (GL Module)**
- Knowledge of real estate or property accounting
- Good understanding of GAAP
- Strong Excel skills
- Experience in month-end closing and reporting

## Eligibility Criteria

- Minimum 5 years experience
- At least 2 years experience in MRI software (mandatory)
- Good communication and understanding of accounts

## Important Note

Candidates without MRI software experience will not be considered. This is strict requirement.

## Why This Opportunity

- 100% work from home
- Work with global US clients
- Stable and long-term work

## How to Apply

Interested candidates should send resume or contact directly for faster response.
