About This Opportunity

This is a **vendor based recruitment role**. In this work, you will help in **bulk hiring for different industries**. This is good for people who already have experience in **manpower supply or recruitment**.

Job Role – Candidate Sourcing Bulk Hiring Work

In this role, main focus is to **bring job-ready candidates in large numbers** and manage the hiring process smoothly.

Hiring Categories

- BPO (Voice and Non-Voice)
- Work From Home roles
- Data Entry and Back Office
- Warehouse and Logistics
- Delivery and Operations

Responsibilities

- Source and provide **candidates in bulk**
- Do **candidate coordination and follow-ups**
- Maintain **fast hiring speed (TAT)**

- Ensure candidates are **serious and ready to join**
- Work closely with hiring team

Working Model

This is a **candidate-driven model**. Payment and incentives depend on **successful hiring closures**. Support will be given for **candidate preparation and interview process**.

Who Can Apply

- Vendors with **bulk hiring experience**
- Recruiters who worked in **BPO or warehouse hiring**
- Freelance HRs with **strong candidate network**
- People who understand **candidate conversion and commitment**

Important Note

This is a **performance-based collaboration**. Only apply if you have real experience in similar work and can deliver results.

How To Apply

Interested candidates should send a **WhatsApp message or email** with details. Quick response will help in faster onboarding.
