REMOTE ARTIFICIAL INTELLIGENCE INTERNSHIP FOR FRESHERS

BASE SALARY

INR 25000 - INR 27999

DESCRIPTION

Artificial Intelligence Intern, Remote Internship

Company: Quillance Infotech Private Limited

Work From Home

Full Time Internship

Salary: ₹25,000 per month

Location: Remote

Email: hr@quillance.com

Quillance Infotech Private Limited is hiring Artificial Intelligence Interns for remote work. Freshers can apply easily. This internship is good for candidates who want practical AI experience. Candidates will work on real projects with the technical team. The company is looking for motivated and curious learners.

Candidates will help in AI and Machine Learning related tasks. You will work on data collection and basic model training. Research work on AI tools and new technologies will also be included. Candidates will support automation tasks and AI powered solutions. Team collaboration and project discussions will be part of daily work.

Responsibilities

- Assist in AI and Machine Learning projects
- Work on data preprocessing tasks
- Research AI tools and latest trends
- Support automation related work
- Prepare reports and presentations

- Collaborate with technical team members

Candidates should have basic understanding of Artificial Intelligence or Machine Learning concepts. Knowledge of Python or AI tools will be helpful. Good communication and problem solving skills are important. Freshers with learning attitude are welcome. Candidates should be able to work independently from home.

Benefits

- Real AI project experience
- Mentorship from industry experts
- Technical portfolio building opportunity
- Startup learning environment
- Flexible remote work setup
- Internship certificate
- Recommendation letter based on performance

This internship is suitable for freshers and students interested in AI and Data Science. Candidates who want startup exposure and practical learning can apply. Good learning mindset and interest in technology will help in this internship.
