NCR Eduservices is hiring a Maths and Science Tutor for PCM. This is a remote part-time opening. Freshers and experienced candidates can apply.

The work is for one-on-one online tutoring sessions. You will teach Mathematics Physics and Chemistry based on the assigned role. The company is looking for someone with strong subject knowledge and good communication skills.

This role is remote. So no city or state has been added. The hiring office is in Greater Noida Techzone, but the work mode is work from home.

What You Will Do

You will conduct online tutoring sessions with students. You will explain concepts in a simple way. You will also help students prepare for assessments and exams.

The role needs a teacher who can adapt to different learning styles. You should be able to use digital tools during online classes. The company also prefers candidates with IGCSE teaching experience.

Responsibilities

- Conduct one-on-one online tutoring sessions
- Teach Mathematics Physics and Chemistry
- Explain concepts clearly
- Create lesson plans for student needs
- Prepare students for exams and assessments
- Use digital teaching tools
- Track student progress
- Share regular feedback
- Keep classes engaging and supportive
- Follow curriculum standards and best teaching methods

Candidates with a bachelor’s degree in Mathematics Physics Science Engineering or a related field can apply. A master’s degree is preferred. Freshers are welcome. Prior teaching or tutoring experience will be an added advantage.

The company wants strong subject expertise. Good verbal and written communication skills are also important. Familiarity with online tutoring platforms and virtual classroom tools will be useful.

Qualifications

- Bachelor’s degree in Mathematics Physics Science Engineering or related field
- Master’s degree preferred
- Freshers can apply
- Teaching or tutoring experience preferred
- Strong subject knowledge
- Good communication skills
- Ability to engage students well
- IGCSE teaching experience preferred

Technical Requirements

- Laptop or desktop with Intel i5 or i7 or equivalent
- Webcam and microphone or headset
- Stable high-speed internet
- Power backup for uninterrupted classes

The working time is early morning. Candidates should be comfortable with the schedule before applying. The role is for 6 working days from Monday to Saturday.
