About the Company

Zero Logic Imagery is a UAE–India based content creation studio. The company works on cinematic visuals, advertisements, films, branded content, events, and creative animation projects.

They are hiring a Motion Graphics Designer skilled in Adobe After Effects. The work is mainly remote. The office is based in Kerala. Candidates near Kerala or open to occasional office collaboration will get added preference.

About the Work

The selected candidate will work on motion graphics, editing, and cinematic visual content.

You will work closely with the creative team and 3D artists.

The work includes advertisements, films, event visuals, social media promos, and creative campaigns.

Key Responsibilities

Motion Graphics and Editing

- Create motion graphics using Adobe After Effects
- Edit videos and promotional content
- Work on cinematic transitions and compositions
- Create visually engaging content
- Support creative storytelling through animation

Creative Team Collaboration

- Work with 3D artists and editors
- Follow project timelines properly
- Support creative campaigns and event visuals
- Share ideas for better visual output

Required Skills

- Strong knowledge of Adobe After Effects
- Knowledge of Adobe Premiere Pro
- Motion graphics and compositing skills
- Understanding of cinematic editing
- Creativity and visual storytelling sense
- Good timing and transition understanding

Additional Skills Preferred

- Blender or other 3D software knowledge
- Basic VFX knowledge
- Experience in promotional or commercial content

Who Can Apply

- Motion graphics designers
- Video editors with animation skills
- Candidates interested in cinematic content creation
- Creative professionals looking for remote work opportunities

Why Join

- Remote work flexibility
- Creative and cinematic projects
- Opportunity to work with experienced creative teams
- Growth opportunity in content and animation industry

How to Apply
