Mobile / WhatsApp: +91 9999840292

About the Work

This work is for rural and semi-urban learning support. You will help people know about short digital courses. You will guide students, youth, and local communities. The goal is to make skill learning more easy and useful.

What You Will Do

- Visit schools, colleges, villages, and coaching centers
- Talk to students and youth in a simple way
- Share details of short live learning programs
- Create WhatsApp groups for learners
- Help people join sessions and registrations
- Support students in choosing the right course
- Keep learners active and motivated

Programs to Promote

- Digital Marketing

- Video Editing
- Stock Market Basics
- Financial Literacy
- AI & Robotics
- Technical Skills
- Digital Education
- Career Skills
- Spoken English
- Online Earning Skills

Who Can Apply

This is open for many people. Teachers can apply. Graduates can apply. Students can also apply. Social workers, influencers, and career counsellors can also apply.

What They Want

- Good communication
- Basic digital knowledge
- WhatsApp and social media use
- Ability to connect with students
- Smart phone and internet knowledge
- Interest in education and guidance

Work Style

The work is remote. The timing is flexible. It is a part-time opportunity. Earnings depend on performance and admissions.

Earning Area

You can earn from student admissions. You can earn from group creation. You can earn from community work. The income can go up to ₹25,000 per month or more.

Why This Work Looks Good

- Flexible work from home setup
- Training and support provided
- Good for social impact work
- Growth and leadership chances
- Easy to start for motivated people

Apply

Call or WhatsApp the contact number given above. Share your interest and basic details. The team can guide you next.
