About Company

Techconversion.tech focuses on building high-quality Shopify stores and delivering custom eCommerce solutions for clients. The company values precision, speed, and performance in development.

Job Overview

The Shopify Developer will be responsible for converting design files into fully functional Shopify stores. This role requires strong technical skills and the ability to deliver pixel-perfect results with custom development. Immediate joiners are preferred.

Key Responsibilities & Role Details

- Convert designs into Shopify stores with pixel-perfect accuracy
- Develop custom Shopify themes (not just templates)
- Write clean code using Liquid, HTML, CSS, and JavaScript
- Fix bugs and optimize performance
- Ensure responsiveness and smooth user experience

Eligibility & Skills Required

- Strong knowledge of Shopify (Liquid, HTML, CSS, JS)
- Experience in custom theme development
- Ability to match designs exactly
- Fast execution and problem-solving skills

Additional Requirement

- Must share Shopify portfolio (custom work preferred)
- Immediate joiners only

How to Apply
