Experience: 0–3 Years (Freshers with strong skills are welcome)  
Employment Type: Full-time  
Compensation: Commission-based payment model

### About Us

We are a growing IT startup focused on building modern, scalable, and secure digital solutions for global clients. As an early-stage company, we value ownership, learning, and innovation. This is a great opportunity to grow your career while building real-world products from scratch.

### Key Responsibilities

- Design, develop, test, and maintain web and/or mobile applications
- Write clean, scalable, and efficient code
- Collaborate with designers, product managers, and other developers
- Debug, troubleshoot, and optimize application performance
- Participate in code reviews and follow best development practices
- Stay updated with emerging technologies and tools

### Required Skills

### HIRING ORGANIZATION

ACTHorizon

### EMPLOYMENT TYPE

Full-time, Part-time

### JOB LOCATION

INDIA

? Remote work from: INDIA

### DATE POSTED

? February 21, 2026

- Strong knowledge of HTML, CSS, JavaScript
- Experience with any one framework (React, Angular, Vue, Node.js, Django, Laravel, etc.)
- Basic understanding of databases (MySQL, PostgreSQL, MongoDB)
- Familiarity with Git / version control
- Problem-solving mindset and eagerness to learn

## Good to Have (Not Mandatory)

- Full-stack development experience
- API integration and RESTful services
- Cloud basics (AWS, Azure, or GCP)
- Experience in startup or fast-paced environments

## What We're Looking For

- Passion for coding and technology
- Ability to work independently and in a team
- Strong communication and time-management skills
- Willingness to take ownership and grow with the company

## What We Offer

- Opportunity to work in an early-stage startup
- Learning-focused environment and career growth
- Competitive salary (as per experience)
- Flexible work culture
- Exposure to real client projects and modern tech stack

## How to Apply
