Contact Number: +91 7358410523

Email: vcaplh6@gmail.com

This position involves working on rooftop and industrial solar projects. You will be responsible for installation work at different project sites across Tamil Nadu. Candidates should be comfortable with field work and site activities.

Key Responsibilities

- Install rooftop and industrial solar systems
- Perform DC and AC cable laying
- Handle cable termination and testing
- Connect ACDB and DCDB panels

HIRING ORGANIZATION

VIRUPAKSHA CONTROLS AND AUTOMATION PVT LTD

EMPLOYMENT TYPE

Full-time

JOB LOCATION

600001, Chennai, Tamil Nadu, India

DATE POSTED

? June 26, 2026

- Install earthing and lightning protection systems
- Install and configure solar inverters
- Identify and resolve site-level faults
- Coordinate with supervisors and project teams
- Follow all safety guidelines at project sites

Candidates should have good knowledge of electrical systems. You should be able to work independently and complete assigned tasks on time. Physical fitness and discipline are important for this role.

Eligibility Criteria

- Minimum 2 years of solar installation experience
- Good understanding of DC and AC electrical systems
- Ability to work at heights
- Willing to travel across Tamil Nadu
- Physically fit and hardworking
- Two-wheeler license preferred

The company offers a stable work environment with continuous projects. Employees get opportunities to learn and grow within the organization. High-performing candidates can move into supervisory positions.

Benefits

- Food provided
- Health insurance
- Paid time off
- Provident Fund
- Overtime benefits
- Site allowances
- Performance incentives
- Career growth opportunities

Salary and Growth

Salary depends on skills and experience. Candidates may receive additional earnings through overtime and performance incentives. Strong performers can be promoted to Site Supervisor roles.

How to Apply

Interested candidates can contact the HR team directly. You can also complete the application form provided by the company for the evaluation process.
