About the Job

EngageWayz is looking for a skilled Graphic Designer to create designs for T-shirts, clothing, and mobile covers. Candidates should have strong design skills and knowledge of printing requirements.

The ideal candidate should be creative, detail-oriented, and able to work independently from home.

Key Responsibilities

- Design graphics for T-shirts and fashion collections.
- Create artwork for mobile covers and accessories.
- Develop typography, illustrations, patterns, and original designs.
- Prepare high-quality, print-ready artwork.
- Create product mockups for online listings and advertisements.
- Research design trends and suggest new ideas.
- Make changes based on feedback.
- Complete projects on time.

Requirements

- 1–2 years of graphic design experience.
- Advanced knowledge of Adobe Photoshop and Illustrator.
- Understanding of printing and digital artwork requirements.
- Ability to prepare high-resolution designs.
- Creativity and attention to detail.
- A portfolio of previous design work is mandatory.
- Experience with apparel, printed products, or mobile covers is an advantage.

Note: Freshers and candidates without a portfolio will not be considered.

Salary & Benefits

- Monthly salary of ?13,000–?15,000, based on skills and experience.
- Full-time work from home.
- Opportunity to work on commercial products and creative collections.
- Scope to contribute design ideas for new products.

How to Apply

Send your resume and portfolio through WhatsApp.

WhatsApp: 8088027301

Please include your experience, software skills, previous design work, expected salary, and joining availability.
