About the Company

Webtraffic Agency is a B2B digital infrastructure and technology company. The company works on websites, SEO, branding, automation, cloud systems, and AI-driven digital solutions.

They have worked with more than 350 brands across India, USA, Dubai, and Middle East since 2016.

About the Internship

This is a technical internship. Interns will work on real projects and live systems. The work includes website development, SEO, AI search optimization, and infrastructure support.

This internship is good for candidates interested in coding, websites, AI systems, cloud, and digital products.

Key Responsibilities

Website and Development Work

- Help in website design and development
- Support website maintenance work
- Work on HTML, CSS, JavaScript, or CMS basics
- Assist in frontend and backend tasks

SEO and AI Search Work

- Support technical SEO tasks
- Work on site speed and indexing
- Help with schema and structure improvements
- Support AEO and GEO optimization

Technical Support Work

- Help in landing page optimization
- Support API and automation integration
- Work with Git and GitHub basics
- Help in deployments and DevOps support
- Monitor analytics and SEO performance
- Fix small bugs and improve performance

Requirements

- Interest in coding, development, or cloud technology
- Basic knowledge of HTML, CSS, JavaScript, Python, or similar language
- Basic GitHub or cloud knowledge is a plus
- Interest in SEO, AI tools, or digital products

- Fast learning attitude
- Problem-solving mindset
- Own laptop is mandatory
- Immediate joining preferred

What You Will Learn

- Real-world website workflows
- Technical SEO and AI search optimization
- DevOps and infrastructure basics
- Live project handling experience
- Product and system performance improvement
- Building technical portfolio with real projects

Full-Time Opportunity

Good performing interns may get full-time opportunities after internship completion.

How to Apply

Send your updated resume on the email or WhatsApp number below. Mention your current location, joining availability, laptop availability, and travel comfort.
