TGT COMPUTER TEACHER

JOB LOCATION

Uttar Pradesh, India

DESCRIPTION

Company: Hustlr India Edtech

Location: Noida, Uttar Pradesh

Job Type: Full-Time

Job Overview:

The **TGT Computer Teacher** will play a crucial role in developing students' **technological skills** at the secondary level. The teacher will introduce students to **computer science concepts, programming languages, software applications, and internet safety** while fostering digital literacy and problem-solving abilities.

Key Responsibilities:

- Design and implement **engaging computer science lesson plans**.
- Teach **hardware, software, programming (Python, Java, C++), and cybersecurity**.
- Assess student progress through **tests, projects, and assignments**.
- Provide **individualized support** to students when needed.
- Integrate **multimedia and interactive technology** into lessons.
- Collaborate with other teachers to **incorporate technology into different subjects**.

- Stay updated with **the latest technological and educational trends**.
- Organize **extracurricular activities** related to programming and computer applications.
- Educate students on **ethical technology use and data privacy**.
- Communicate with parents regarding student performance.

Required Qualifications:

- ? **Bachelor's degree** in Computer Science, Education, or a related field.
 - ? **Teaching certification** for secondary education (preferred).
 - ? Proficiency in **programming languages** (Python, Java, C++).
 - ? Experience in **teaching computer science** to secondary students.
 - ? Knowledge of **educational technology and software applications**.
 - ? Strong **communication, classroom management, and organizational skills**.
 - ? Ability to **adapt teaching methods** to different learning styles.
 - ? Passion for **technology and student education**.
- ? **Apply Now on LinkedIn or Trabajo.org!**
