Job Overview

This work is about managing freight loads and connecting shippers with carriers. You will handle full process from finding load to final delivery. Work is fully remote and gives full freedom. Income depends on your performance.

Earnings Details

No fixed salary. Income is based on commission. You can earn up to **40% commission** on each load. Payments are given every 2 weeks.

Main Responsibilities

- Find and manage freight loads
- Connect with shippers and carriers
- Handle full load cycle from start to finish
- Use tools like DAT and Truckstop
- Maintain good relationship with clients

Skills Required

Experience is important for this role.

- Knowledge of US logistics and freight
- Ability to handle OTR and drayage loads
- Good communication and negotiation skill
- Ability to work independently

Experience

Minimum **6 months to 2 years** experience in freight brokering required.

Important Requirement

Candidate must have active **Book of Business** (direct shipper contacts). Without this, selection is not possible.

Work Benefits

- High commission earning
- Work from anywhere
- No office pressure
- Back-end support for billing and carrier check

Selection Process

Simple process.

- Resume review
- Basic discussion
- Final onboarding

How to Apply

Send your CV directly on WhatsApp or email.
