DESCRIPTION

Work Mode: Work From Home

Location: India

Full-time remote role with growth opportunity

Contact (Direct): +91 8778553178

This is a remote job for experienced Zoho professionals. Work is about building and managing Zoho based systems for business use. Person should have good hands-on experience and should be able to handle tasks independently.

Job Summary

This role is for Zoho Engineer. Work includes implementation, customization, and automation of business processes using Zoho tools. Person should be comfortable working with different Zoho apps and improving workflows.

Key Responsibilities

- Implement and manage Zoho applications
- Work on Zoho Finance tools like Books, Invoice, Expense
- Build apps using Zoho Creator
- Handle marketing campaigns using Zoho tools
- Manage workflows in Zoho Projects
- Integrate Zoho with other systems
- Write custom functions using Deluge scripting
- Create reports and dashboards
- Solve issues and provide support

Required Skills

Candidate should have minimum 2 years experience in Zoho. Strong knowledge of Zoho Finance Suite, Zoho Creator, Zoho Marketing, and Zoho Projects is required. Knowledge of Deluge scripting, APIs, and workflow automation is important. Good problem solving and communication skills are needed.

Preferred Qualifications

- Zoho certification
- Experience in full Zoho implementation
- Basic knowledge of CRM systems
- Experience in integration with external tools

Eligibility

Minimum 2 years experience is required. Candidate should have stable internet connection and should be based in India.

What You Get

Work from home flexibility with opportunity to work on different Zoho projects. Learning and growth environment is available.

How To Apply

Interested candidates can directly contact HR for more details.
